SR MAX[®]

SLIP-RESISTANT SHOES

May 2026 Edition

Welcome to Caregiver Kicks,

offered by SEIU 775 Benefits Group and provided by SR Max. Caregiver Kicks offers eligible caregivers like yourself a pair of shoes at no cost.

You can order your shoes online or by phone. To order online, go to caregiverkicks.com. To order by phone, please select your shoes from this catalog and call the Caregiver Kicks number at 1-833-599-9621, Monday - Saturday, 5 am - 5 pm PT.

See page 3 for eligibility and benefits information.

Benefits OVERVIEW

Are You Eligible?

*To be eligible, you must have worked 2 consecutive months of 80+ hours and 80 hours in the current eligibility month. You can order a new pair of shoes 12 months after your last pair was shipped to you as long as you continue to work enough hours to be eligible for the program. You do not have to be enrolled in the SEIU 775 Benefits Group health plan to receive shoes.

30-Day Satisfaction Guarantee

Love your shoes or send them back – no questions asked. SR Max guarantees you'll be entirely satisfied with the comfort, fit, and durability of your slip resistant shoes. Each pair is backed with a 30-Day Satisfaction Guarantee. So, if you aren't completely pleased with any shoe you order from SR Max – no matter the reason – simply send them back (within 30 days of the shipment date) and let SR Max know if you'd like to give another pair a try.

Advanced Exchanges

Caregiver Kicks "Advanced Exchange" program allows you to place your replacement order with SR Max as soon as FedEx has your return shoes scanned into their system. Visit www.srmax.com/caregiverkicks/policies/returns for full program details.

Prepaid FedEx Return Labels

In the event that a shoe needs to be returned to due to a sizing exchange, style exchange, or defect within the specified time frame for coverage, SR Max has provided a FedEx return label along with your original order to use in returning the shoes to SR Max. Please ship the shoes along with a copy of your original paperwork, and your original return label, which can be found online at caregiverkicks.com, to help SR Max expedite your return or exchange.

(Prepaid FedEx Return Labels - Continued)

NOTE: FedEx return labels are to be used to return new, defective, or 30-Day Satisfaction Guarantee-qualifying footwear only. If non-defective or worn footwear is

returned to SR Max for exchange after 30 days, no exchange will be issued and the shoes will be returned to you.

6-Month Defect Warranty

If a pair of slip resistant shoes ordered from SR Max are less than 6 months old and, in SR Max's determination, show normal wear, an exchange will be issued towards a replacement of footwear determined to be defective. No exchange available for shoes worn out or ruined due to work environment. If you believe your shoes are defective, please call the Caregiver Kicks number at 1-833-599-9621.

Return Policy

All NEW shoes may be returned to SR Max for exchange up to 60 days from the date of your order.

Shoes worn into a work environment cannot be exchanged unless utilizing the 30-Day Satisfaction Guarantee program. Try your new shoes out at home on a clean, dry surface to verify a proper fit before wearing them into the workplace. This way, if you need to return your shoe for a different size or style, the shoe can be returned for exchange.

Defective Footwear

If a defective shoe is less than 6 months old and, in SR Max's determination, shows normal wear, an exchange will be issued.

Normal Wear

No exchange or credit is given on shoes worn out or ruined due to work environment.

Great new addition

"I was surprised to see Crocs as an approved work shoe and thought I would give them a try. They are so comfortable, they have massaging insoles to keep your feet energized all day. I have been recommending these shoes to all of my co-workers!"

Crocs On The Clock Work Sneaker Review

WARNING: This product is only part of an overall safety program. No shoe can protect you from injury in all situations. All safety shoes are used in environments where hazards exist beyond the scope of protection a safety shoe can offer. SLIP RESISTANT SHOES ARE NOT "Slip Proof". Environmental factors including but not limited to oils, water, dust, flour, ice, objects on the floor, or other hazards can reduce the effectiveness of slip resistant footwear. Also, cold environments including freezers and coolers will significantly limit the effectiveness of slip resistant footwear. It is possible for you to slip, fall, and/or be injured while wearing/using personal protective equipment including slip resistant shoes or ASTM rated safety shoes. You should always take precaution and consider the environmental hazards around you when wearing your protective footwear. All products are sold subject only to the warranties given by the manufacturer. If the product is marked as meeting an ANSI or ASTM standard, then the product carries a manufacturer's warranty. Saf-Gard Safety Shoe Company/SR Max Slip Resistant Shoes provides no express warranty and expressly disclaims all implied warranties including any implied warranty of merchantability or fitness for any particular purpose.

Feature Icon Guide

STATIC DISSIPATIVE

SD shoes regulate the build up of an electrical charge in an employee's body. SD shoes are commonly used in manufacturing of computer components, solvent based paints and plastics. SD products reduce the risk of static shock to people and the manufactured product. All safety toe styles marked with the "SD" icon in this catalog meet the ASTM F2413-24 SD10 or F2413-24 SD35 standards depending in the icon used.

ELECTRICAL HAZARD

The soles of EH shoes provide a barrier to protect employees from open electrical currents up to 600 volts. EH shoes are often needed in maintenance, welding and engineering positions. All styles marked with the "EH" icon in this catalog meet the ASTM F2413-24 EH standards.

WATERPROOF

Waterproof boots and shoes are constructed to keep the feet dry and comfortable in wet conditions. Waterproof construction requires continuous maintenance and is not guaranteed to remain for the life of the shoe.

SECURITY FRIENDLY

Security friendly styles are made from all nonmetallic components including styles with safety toe caps. Security friendly styles have nonmetallic eyelets, hardware and shanks for the most sensitive security systems.

SLIP RESISTANT (SRO)

Slip-resistant safety footwear is the fastest growing segment of the safety footwear industry. For many employers with wet, oily, and/or greasy floors, it is common sense to require slip-resistant safety footwear. Slip related injuries can be extremely costly. No shoe is slip proof, however employers who require slip-resistant shoes can reduce worker's compensation claims. Indicated styles are ASTM F3445-24/ ASTM F2913-24 SRO (dry, wet & oily/wet) compliant.

MaxTRAX® OUTSOLE TECHNOLOGY

Our patented MaxTRAX® outsole is uniquely crafted to give you unbelievable slip resistance. The secret's in the design. Maximizing the outsole surface area gives you better traction, while the precision-cut 90-degree angles channel liquids out of the tread. And since MaxTRAX® excels on dry, wet and oily/wet surfaces, it goes way beyond ASTM F2913-24 and ASTM F3445-24 slip-resistance standards.

DRYKICK™ TECHNOLOGY

Our DryKick™ waterproof membrane in the toe area protects against food and liquid spills in the workplace. Featured on select styles from SR Max®, and Reebok Work®.

SIDE ZIPPER

Boots showing this logo feature a side zipper for easy on/off.
